History

30 years of experience.

New Spaces

First Steps

1993

SHIRO Helmets was founded in Spain 30 years ago, with the promise of manufacturing and distributing helmets and safety equipment for motorcyclists.

Our experience dates back to 1970, an experience that has allowed us to be present internationally in more than 65 countries and develop products for well-known companies and brands.

2015

At SHIRO Helmets we advocate constant innovation in all areas of the two-wheel sector, oriented both in product design and development and in brand evolution, and thus adapt and get involved with current generational currents along with those of always.

We are SHIRO. We are Future.

Moving on

2000

A European engineering product with exclusive in-house designs in accordance with the latest trends, user and customer needs, approvals and safety regulations in force in each country.

Developments for emerging sectors such as motosharing or delivery, corporations, public administrations, special collaborations and implementation and production of your own brand.
